

Professional Referral Packet

Special Angels Guardianship, Inc.

Serving South Dakota | 605-440-3888

For hospital case managers, discharge planners, social workers, nursing facility teams, families, and other referral partners. Call or submit an initial inquiry to discuss service fit, availability, and next steps.

Our organization

We are a 501(c)(3) nonprofit organization in good standing with the State of South Dakota. We center each individual's voice, life history, values, and wishes in our guardianship, conservatorship and advocacy work.

What we offer

Compassionate personal advocacy

Regular presence, attention to living conditions and personal preferences, and coordination of meaningful activities and community connections.

Healthcare and medical navigation

Communication with doctors, nurses, and care facilities; understandable care conversations; and coordination through hospital discharge, rehabilitation, and long-term care transitions.

Thoughtful living arrangements

Support evaluating and coordinating living environments, with oversight of comfort, nutrition, safety, and personal care routines.

Transparent and ethical guidance

Respectful family communication, accountability, regular reporting, and decisions within the scope of court authority.

Conservatorship Services

Compassionate protection and peace of mind for your loved ones.

When daily finances and long-term planning become overwhelming, we offer a steady hand to help protect what matters most. Our work respects each person's dignity, history and personal preferences.

Financial safeguarding

Within court authority, we manage bills, reconcile accounts, oversee investments and assets with prudent care, maintain supporting records and prepare required accountings. We watch for signs of fraud or financial exploitation and follow up on concerns.

Healthcare and living arrangement coordination

We coordinate financial resources for care, home maintenance and appropriate living arrangements with the individual, their guardian and care team. Personal and healthcare decisions require the relevant guardianship or other authority; conservatorship alone does not grant every care decision-making power.

Family peace of mind

Organized financial administration and appropriate updates can reduce the burden on families and support meaningful time with loved ones. The person's wishes, confidentiality, available resources and court order guide our work.

Our promise

We do not just manage estates; we honor lives. Every decision we make is guided by respect for the individual's dignity, history and personal preferences.

Case acceptance, fees and the scope of services are discussed directly. No investment return, prevention of every loss or placement outcome is guaranteed.

How to Make a Referral

1 Begin with a general inquiry

Call 605-440-3888 or use the professional referral form. Share your professional contact information, facility or organization, county, and the service you wish to discuss. Do not include patient names, dates of birth, diagnoses, case details, court documents, or medical records in the initial web form.

2 Discuss service fit and availability

We can discuss the situation, geographic needs, current decision-making arrangements, and whether our services may be a fit. Capacity, fees, funding arrangements, and any time-sensitive needs must be confirmed directly. No response deadline or immediate placement is promised.

3 Arrange appropriate information exchange

During follow-up, we can identify which records are appropriate and arrange a suitable method to receive them. Please do not send confidential records until the method and authorization have been confirmed.

4 Confirm responsibilities and next steps

An inquiry does not create a service agreement or establish a guardianship or conservatorship. Where court appointment is needed, authority begins only through the applicable court process. Medical professionals remain responsible for diagnosis and treatment.

For urgent situations

The referral form is not monitored continuously. Call 605-440-3888 for time-sensitive service inquiries. For an immediate emergency, call 911.

Professional referral page
